OCTOBER - 2024

TEACHER'S MESSAGE

SAMREEN

“Hard work is the key to success”, is a message every student should take to heart. Success doesn't come overnight; it requires consistent effort, determination, and a strong will to overcome challenges. Just as a farmer works tirelessly to prepare the soil, plant seeds, and care for his crops, each of you must put in the time and effort to build a strong foundation for learning.

The path might seem difficult, and there may be times when you feel like giving up, but remember that each step you take brings you closer to achieving your goals. Hard work builds resilience, teaches discipline, and above all allows you to grow into a confident and accomplished individual. So, let's embrace hard work, believe in our potential, and keep moving forward, because with hard work, success is just a matter of time.

STUDENT'S MESSAGE

After moving from Kolkata due to my father's transfer, joining The Vijay Millenium School has been a good change. The school's strong focus on discipline has made the transition smooth, with clear routines and a respectful environment that makes everyone feel supported.

SARTHAK SHAURYA

From punctuality to academic standards, the structure here helps me stay focused and enjoy the learning process at the school. The school's disciplined approach also brings out the best in both academics and extracurricular activities, balancing personal growth with learning and the teachers here are very supportive. This school has quickly become a place where I feel comfortable to study and make an overall development.

Students interested in STEM today could one day work in roles like drone operators for precision farming, space tourism experts, or genetic counselors advising on personalized medicine. As we continue to innovate, STEM fields will shape the worlds, offering rewarding and Impactful carrier paths for the next

STEM

CAREERS OF THE FUTURE

The world of science technology, engineering and mathematics (STEM) is expanding rapidly, opening doors to exciting new careers that were unimaginable just a few years ago. From artificial intelligence specialists designing intelligent machines to environmental scientists tackling climate change, the future holds the last vast array of opportunities. Carriers in fields like biotechnology, renewable energy engineering, data science and cybersecurity are becoming increasingly vital as our society embrace technology and sustainable practices. generation.

"UNITY AND DEVOTION: CELEBRATING GOLU POOJA AT OUR SCHOOL"

On 10th October, our school celebrated the Golu Pooja in honour of the Goddess Durga. Each department took part in the traditional 10-day celebration, venerating the Goddess with devotion and respect. The event involved daily Psalms, beautifully arranged displays, and offerings made by different departments. The Golu Pooja brought the entire school community together, fostering a sense of unity, cultural appreciation, and spirituality. It was a meaningful and enriching experience for everyone involved.

"POST-TERM 1 PARENTS' MEETING: STRENGTHENING COLLABORATION FOR STUDENT'S SUCCESS"

On October 19, a parents' meeting was conducted for Grades 1 to 8 following the POST TERM 1 EXAMS. The primary purpose of the meeting was to get the feedback from the parents and discuss their ward's academic performance. Teachers provided detailed insights into the students' progress, highlighting strengths and areas for improvement.

The meeting served as an important platform to strengthen communication and ensure that both teachers and parents are aligned in supporting the students' academic growth.

"IGNITING A LOVE FOR READING: BOOK FAIR INSPIRES SCHOOL COMMUNITY"

A Book Fair was held on the 18th and 19th October. Welcoming enthusiastic participation from students across Grades 1 to 12. The book fair showcased a diverse collection of books, appealing to various interests and age groups. Both students and teachers explored the wide range of titles, selecting books that piqued their curiosity and passion for reading.

The event encouraged a love for literature and provided an opportunity for everyone to expand their personal libraries. The Book Fair was a vibrant and inspiring experience, promoting the joy of reading within the school community.

FOSTERING INNOVATION: CREYA COMPETITION INSPIRES YOUNG MINDS"

On the 26th October, a Creya Competition was organised for students of Grades 3 to 5. The students participated enthusiastically in various creative and hands – on activities. The competition encouraged them to think innovatively, apply problem-solving skills, and work collaboratively.

It was an exciting opportunity for young learners to showcase their creativity and learn through exploration. The Creya Competition not only sparked curiosity but also inspired students to approach learning in fun and inventive ways.

"CELEBRATING LIGHT AND TALENT: A JOYFUL DIWALI FESTIVITY AT OUR SCHOOL"

On the 29th October marked, a vibrant Diwali celebration held at our school, bringing joy and festivity to all. The event featured a variety of captivating performances, including dance, mime, and classical acts that showcased students' talents and the spirit of Diwali. The colourful programme filled the atmosphere with excitement and energy, as the entire school community came together to enjoy and appreciate each performance. It was a memorable celebration that highlighted cultural traditions and created a joyful experience to everyone involved.
