The students were dressed up with various types of costumes like mythological characters, fruits, vegetables, great rulers, save water, donate blood, etc. They presented themselves very skillfully. This competition helped them to boost their confidence level, eradicate stage fear, mixing up with others and command over the language. Fancy Dress is a great benefit to the children for building their imagination and vocabulary. It encourages them to think outside the box and also buoy up to express their point of view. The children did a phenomenal job at the competition.
